LB 38, 179, 179A,
18

PRESIDENT: The question is the adoption of the amendment. Record your vote. Record the vote.

CLERK: 29 ayes, 6 nays, Mr. President, on the motion to adopt.

PRESIDENT: That completes our hour on.... That prevails. For whatever it is worth, it is the Chair's opinion that the conduct of the Legislature is deteriorated somewhat with regard to Call of the House. I think it will do the Legislatures image some good and all of our proceedings good if upon the Call we return to the Hall promptly and record your presence before votes are taken. It will be much more orderly and we can get about our business a little faster. The Chair would recommend most strongly that when we...we won't have to go under Call nearly as often if the membership is more attentive to the votes. In the South balcony we have 20 residents of Colfax County. They are cattle feeders. They are here from Senator Hasebroock's district. Thank you for coming. In the North balcony we have 36 ninth graders, the Political Science students from Arbor Heights Junior High School in Omaha, that is in Senator Goodrich's district. We appreciate student groups always. Thank you for being here.

CLERK: Senator Goodrich asks unanimous consent to withdraw a pending motion on LB 179 and 179A.

PRESIDENT: Is there an objection? It is so ordered.

CLERK: Mr. President, your Revenue Committee gives notice of a committee hearing. Signed by Senator Keyes. Mr. President, Banking, Commerce and Insurance, to whom was referred LB 18, instructs me to report the same to the Legislature with the recommendation it be advanced to General File. Signed, Senator DeCamp. Mr. President, Senator Warner asked that his Appropriations Committee be excused at 2 o'clock today for purposes of continuing hearings. Mr. President, I move to suspend the rules...I move the introduction of the attached bill. Signed, Senator Warner. It is a bill introduced by the Appropriations Committee relating to the Records Management Act.

PRESIDENT: Senator Warner.

SENATOR WARNER: Mr. President, I move that the proposed request 822, that is on your desk, be introduced. The purpose of this bill is a couple of things. Many of you know that we have been in the process of microfilming a lot of records for a number of years. Some time back the State Records Administrator was established to do much of this work. In the process of considering appropriations this time there are a number of agencies that have...or a few agencies at least that had indicated requests to buy certain microfilming equipment. The purpose of the bill is to provide the Committee the opportunity to see whether or not this is the time to consolidate those. If it isn't, at least put a limitation on the acquisition of this kind of equipment by an agency when we could perhaps assume that within a year or two central microfilming might be appropriate, also in lieu of the new office building and various agencies being more nearly consolidated in terms of area it may be appropriate to do this. The introduction of the bill will permit the Committee to explore more fully the potential of this and
